NOTES

1. Voting information

- a. All items will be determined on a show of hands, unless a poll is duly called on an item.
- b. On a poll, every member present has one vote for every fully paid ordinary share held. On a show of hands, every person present and qualified to vote has one vote and if one proxy has been appointed, that proxy will have one vote on a show of hands. If a Shareholder appoints more than one proxy, and more than one proxy attends the meeting, neither proxy may vote on a show of hands, but both proxies will be entitled to vote on a poll in respect of those shares or voting rights the proxy represents.
- c. A member entitled to attend and vote at a meeting is entitled to appoint not more than two proxies to attend and vote. Where more than one proxy is appointed, such proxy must be allocated a proportion of the member's voting rights. If two proxies are appointed and the appointment does not specify the proportion or number of the member's votes each proxy may exercise, each proxy may exercise half of the member's votes.
- d. If you are unable to attend the meeting, you are encouraged to appoint a proxy to attend and vote on your behalf.
- e. A Proxy Form accompanies this Notice and, to be effective, the form (and if the appointment is signed by the appointor's attorney, the original authority under which the appointment was signed or a certified copy of the authority) must be received by the registered office of the Company or by the Company's share registry at least 48 hours before the time appointed for the meeting, being 10.30am (AEST), Tuesday 21 November 2017. Any proxy lodged after that time will be treated as invalid.
- f. You can direct your proxy how to vote by following the instructions on the Proxy Form. Shareholders are encouraged to direct their proxy how to vote on each item of business.
- g. You may appoint the Chairman of the Meeting as your proxy. In addition, the Chairman of the Meeting is deemed appointed where a signed Proxy Form is returned which does not contain the name of the proxy or where your proxy is either not recorded as attending the Meeting or is recorded as attending the Meeting but does not vote on the Resolution. If a member directs the Chairman how to vote on an item of business, the Chairman must vote in accordance with the direction.

Generally, members of the KMP (which includes each of the Directors and the Chairman of the Meeting) and their Closely Related Parties are not permitted to vote your proxy on Resolutions 1 and 6 unless you have directed them how to vote or the Chairman of the Meeting is your proxy. If you appoint the Chairman of the Meeting as your proxy, or the Chairman of the Meeting is deemed appointed as your proxy, and you do not mark the box opposite Resolutions 1 and 6 then by signing and returning the proxy form, you will be giving the Chairman of the Meeting your express authority to vote your proxy as the Chairman decides for those Resolutions.

The Chairman of the Meeting intends to vote all available proxies **in favour of** Resolutions 1 to 7 (inclusive).

- h. A proxy duly appointed need not be a member and may be an individual or body corporate. In the case of joint holders, either holder may sign.
- i. A member of the Company who is a body corporate and who is entitled to attend and vote at the Meeting, or a proxy who is a body corporate and is appointed by a member of the Company entitled to attend and vote at the Meeting, will need to ensure that it:
 - (i) appoints an individual as its corporate representative to exercise its powers at the Meeting, in accordance with section 250D of the Corporations Act; and
 - (ii) provides satisfactory evidence of the appointment of its corporate representative prior to commencement of the Meeting.

Such evidence must be received at least 48 hours prior to the commencement of the Meeting.

- j. A proxy or attorney may not vote at a general meeting or adjourned or postponed meeting or on a poll unless the instrument appointing the proxy or attorney, and the authority under which the instrument is signed or a certified copy of the authority, are received by the company at least 48 hours before the time for holding the meeting (unless there is an adjournment or postponement of the meeting, or the company considers the instrument has not been duly executed).

Under regulation 7.11.37 of the *Corporations Regulations 2001* (Cth), the Directors have determined that the shareholding of each member for the purposes of ascertaining their voting entitlements at the Annual General Meeting will be as it appears in the share register at **7pm (AEST) on Tuesday 21 November 2016**. Accordingly, share transfers registered after that time will be disregarded in determining entitlements to attend and vote at the Annual General Meeting.

Explanatory Memorandum

Shareholder approval of resolutions is required for the purposes of the ASX Listing Rules and the Corporations Act. This Explanatory Memorandum has been prepared to provide you with material information to enable you to make an informed decision in relation to the business to be conducted at the Annual General Meeting of the Company.

Definitions and abbreviations are set out in the Glossary.

Ordinary business

Item 1. Financial Report

The Corporations Act requires:

1. the reports of the Directors and Auditors; and
2. the annual Financial Report, including the financial statements of the Company for the fiscal year ended 30th June 2017,

to be laid before the Annual General Meeting. Neither the Corporations Act nor the Company's Constitution requires a vote of members on the reports or statements. However, members will be given a reasonable opportunity as a whole to ask questions about or make comments on the reports and in relation to the accounts and management of the Company.

Also, a reasonable opportunity will be given to members as a whole at the Meeting to ask the Company's Auditor questions relevant to the conduct of the audit, the preparation and content of the Auditor's report, the accounting policies adopted by the Company in relation to the preparation of the financial statements and the independence of the Auditor in relation to the conduct of the audit. The Chair will also allow a reasonable opportunity for the Auditor or their representative to answer any written questions submitted to the Auditor under section 250PA of the Corporations Act.

Item 2. Resolution 1 - Remuneration Report

The Annual Report for the fiscal year ended 30 June 2017 contains a Remuneration Report, which forms part of the Directors' report and sets out details of the remuneration for each Director and for each of the other KMP of the Company, in addition to describing the Board's policy in respect of remuneration, its relationship to the Company's performance, along with a detailed summary of any relevant performance conditions, why those particular conditions were chosen, and how performance is measured against them.

A reasonable opportunity will be provided for discussion of the Remuneration Report at the Meeting.

The Corporations Act requires listed companies to put an annual non-binding resolution to members to adopt the Remuneration Report. In line with the legislation, the vote on this resolution is advisory only, and is not binding on the Company or the Board, however the Board will have regard to the outcome of the vote and any discussion when setting the remuneration policies in future years.

The Remuneration Report is set out in the Company's 2017 Annual Report which is available on the Company's website (www.melbana.com).

If at least 25% of the votes cast are against adoption of the Remuneration Report at two consecutive annual general meetings, the Company will be required to put a resolution to the second Annual General Meeting (**Spill Resolution**), to approve calling a general meeting (**Spill Meeting**). If more than 50% of Shareholders vote in favour of the Spill Resolution, the Company must then convene a Spill Meeting within 90 days of the second Annual General Meeting. All of the Directors who were in office when the applicable Directors' Report was approved, other than the Managing Director, will need to stand for re-election at the Spill Meeting if they wish to continue as Directors.

The Remuneration Report for the financial year ended 30 June 2016 did not receive a vote of more than 25% against its adoption at the Company's last general meeting held on 3 November 2016. Accordingly, if at least 25% of the votes cast on Resolution 1 are against adoption of the Remuneration Report it will not result in the Company putting a Spill Resolution to Shareholders at this Annual General Meeting.

A voting exclusion statement applies to this resolution as set out in the Notice of Meeting. In particular, the Directors and other Restricted Voters may not vote on this Resolution and may not cast a vote as proxy, unless the appointment gives a direction on how to vote or the proxy is given to the Chair and expressly authorises the Chair to exercise your proxy, even if the Resolution is connected directly or indirectly with the remuneration of a member of the Key Management Personnel.

Shareholders are urged to carefully read the Proxy Form and provide a direction to the proxy on how to vote on this Resolution.

*The Board recommends that members vote **in favour** of adopting Resolution 1, the Remuneration Report.*

*The Chairman of the Meeting intends to vote all available proxies **in favour** of Resolution 1.*

Item 3. Resolution 2 - Re-election of Mr Michael John Sandy as a Director

ASX Listing Rule 7.4 permits the ratification of previous issues of securities made without prior Shareholder approval provided the issue did not breach the 15% threshold set by ASX Listing Rule 7.1. The effect of the ratification is to restore the Company's maximum discretionary power to issue further Shares up to 15% of the issued capital of the Company without seeking Shareholder approval. The Company's additional 10% placement capacity under ASX Listing Rule 7.1A was approved by Shareholders at the Company's previous annual meeting held on 3 November 2016. ASX Listing Rule 7.4 permits the ratification of previous issues of securities made without prior Shareholder approval provided the issue did not breach the 10% threshold set by ASX Listing Rule 7.1A. In accordance with ASX Listing Rule 7.4, with ratification, the issue is treated as having been made with shareholder approval.

By ratifying the issue of Placement Shares under Resolution 4, the Company will restore the ability to issue further Equity Securities in the future under its additional 10% placement capacity under ASX Listing Rule 7.1A during the next 12 months.

Special Business

Item 6. Resolution 5 Issue of Fee Options to the Hartleys subsidiary Zenix Nominees Pty Ltd

Resolution 5 seeks Shareholder approval, for the purposes of ASX Listing Rule 7.1 and all other purposes, to issue 20,000,000 Fee Options to Zenix Nominees Pty Ltd, a subsidiary of Hartleys, as part consideration for Hartleys role as Joint Lead Manager for the recently completed Placement and Entitlement Offer. The issue of Fee Options is in accordance with the terms of the Capital Raising and Corporate Advisory Engagement with Hartleys. The exercise price for the Fee Options is \$0.018 which is a 180% premium to the 1.0 cent per Share price at which the Placement was undertaken.

ASX Listing Rule 7.1 provides that a company must not, subject to specified exceptions, issue or agree to issue more equity securities during any 12 month period than that amount which represents 15% of the number of fully paid ordinary securities on issue at the commencement of that 12 month period.

The effect of Resolution 5 will be to allow the Company to issue the Fee Options pursuant to the Capital Raising and Corporate Advisory Engagement with Hartleys, which form part of the fees payable in respect of its participation in the recently completed Placement and Entitlement Offer, without diminishing the Company's 15% annual placement capacity. The effect of the issue of the Fee Options on the capital structure of the Company can be summarised by noting that, unless the Fee Options are exercised, there will be no changes to the Shares on issue as a result of the issue of Fee Options.

- (c) the Fee Options will be issued for nil cash consideration, as they are being issued as part consideration for Hartleys' role as Joint Lead Manager in the recently completed Placement and Entitlement Offer;
- (d) the Fee Options will be issued to Hartleys' subsidiary, Zenix Nominees Pty Ltd;
- (e) the Fee Options will be issued on the terms and conditions set out below; and

Item 7. Resolution 6 Issue of Performance Options and approval of potential termination benefit to the Managing Director & Chief Executive Officer, Mr Peter Stickland (or his nominee)

Overview of proposal - Issue of options and approval of potential termination benefit to the Managing Director & Chief Executive Officer, Mr Peter Stickland (or his nominee)

In March 2017, the Company advised that 9,250,000 Options were granted to employees in accordance with the Company's Long Term Incentive Plan. The Company further advised that, subject to Shareholder approval, the Managing Director and Chief Executive Officer, Mr Peter Stickland, be granted 3,000,000 Performance Options on the same terms and conditions as the Options granted to the Company's employees.

In accordance with ASX Listing Rule 10.14, Shareholder approval is therefore sought for the proposed grant of 3,000,000 Performance Options to the Company's Managing Director and Chief Executive Officer, Mr Peter Stickland (or his nominee) under the Company's Long Term Incentive Plan on the terms set out below.

If Shareholder approval is obtained, it is intended that the Performance Options will be issued shortly after the Annual General Meeting, but in any event no later than 12 months after the Meeting or any adjournment of the Meeting.

The specific terms of the Performance Options to be issued to Mr Stickland are detailed below.

Specific terms applicable to the proposed grant to the Managing Director & Chief Executive Officer, Mr Peter Stickland (or his nominee)

- Mr Stickland (or his nominee) will be granted 3,000,000 Performance Options, divided into 2 equal tranches of 1,500,000 Performance Options each as follows:

Tranche	Vesting date	Exercise price
Tranche 1 (1,500,000 options)	27 March 2018	3.2 cents
Tranche 2 (1,500,000 options)	27 March 2019	3.2 cents

- Each Performance Option issued to Mr Stickland (or his nominee) will be subject to a service condition ending on 27 March 2018 and 27 March 2019 as applicable. Performance Options will vest on the relevant vesting date (being 27 March 2018 and 27 March 2019 as applicable), provided the Managing Director and Chief Executive Officer remains in the service of the Company throughout that period. Upon vesting, the Performance Options are exercisable at any time until they expire on 27 September 2020.
- The exercise price for each Performance Option will be \$0.032. Each Performance Option entitles the holder to 1 Share in the Company.
- The \$0.032 exercise price for the Performance Options represents a 355% premium above the prevailing share price at 6 October 2017. In the Board's view this represents a challenging increase to the Company's prevailing share price and assists to align a significant proportion of the Managing Director and Chief Executive Officer's remuneration with Company performance. Given that the Company does not currently pay dividends, growth in the Company's Share price is a strong indication of growth in Shareholder wealth. The Company's closing share price as at 6 October 2017 was \$0.009.
- Where the Managing Director and Chief Executive Officer ceases employment with the Company after the relevant vesting date (i.e. after 27 March 2018 and 27 March 2019 as applicable), vested Performance Options held by the Managing Director and Chief Executive Officer may be exercised within a period of 6 months following the Managing Director and Chief Executive Officer ceasing employment with the Company, and in any event, no later than 27 September 2020, after which time the Performance Options shall expire.

Overview of the Plan

The Plan was adopted by the Board on 13 September 2011.

Under the Plan, the Board may invite Eligible Employees to participate in a grant of LTI Securities, which may comprise of performance rights and/or Options. The Board has determined that each of the current non-executive Directors of the Company is eligible to receive a grant of LTI Securities under the Plan.

Offers will be made on the terms set out in the Plan and on any additional terms as the Board determines.

Options and/or performance rights granted under the Plan will only vest, and in the case of Options, become exercisable, where any performance condition and any other relevant conditions advised to the participant by the Board have been satisfied.

On vesting of a performance right or following the exercise of an Option (as the case may be), the Board will allocate the number of Shares in respect of which the performance right have vested, or the Options have been exercised. Any Shares issued under the Plan will rank equally in all respects with other Shares on issue at that time (except as regards any rights attaching to such shares by reference to a record date prior to the date of their issue).

Under the terms of the Plan:

- where a participant ceases to be an employee of the Melbana Energy Group, that participant's LTI Securities will continue to be held by the participant and continue to be subject to the Plan Rules and the relevant conditions advised to the participant by the Board except that any continuous service condition will be deemed to have been waived;
- notwithstanding the above, the Board may determine (in its absolute discretion) that some or all of a participants LTI Securities will:
 - vest or become exercisable,
 - are only exercisable for a prescribed period and will otherwise lapse;
 - continue to be subject to some or all of the performance conditions; or
 - lapse on the date of cessation of employment,
 either prior to or within 60 days after a participant ceases to be an employee of the Melbana Energy Group.

In the event of a takeover, a scheme of arrangement, other reconstruction or amalgamation of the Company, a winding up of the Company or other event which is likely to result in a change of control of the Company, the Board may, in its absolute discretion, determine that all or a specified number of a participant's unvested performance rights and/or Options vest, having regard to all relevant circumstances, including whether performance is in line with any applicable performance condition over

the period from the date of grant to the relevant event, and the portion of any applicable performance period or period of service that has expired at the date of the relevant event. Unless the Board determines otherwise, any vested Options will be exercisable for a period specified by the Board and will lapse if not exercised within the specified period.

In accordance with the terms of the Plan, prior to the allocation of shares to a participant upon vesting of performance rights or exercise of Options (as the case may be) the Board may make any adjustments it considers appropriate to the terms of a performance right and/or Option granted to a participant in order to minimise or eliminate any material advantage or disadvantage to a participant resulting from a corporate action or capital reconstruction. Without limiting the foregoing, if:

- Shares are issued pro rata to the Company’s Shareholders generally by way of a bonus issue (rather than an issue in lieu of dividends or by way of a dividend reimbursement) involving capitalisation of reserves of distributable profits;
- Shares are issued pro rata to the Company’s Shareholders generally by way of a rights issue; or
- any reorganisation (including consolidated, subdivision, reduction or return) of the issued capital of the Company is effected,

then the Board may, in its discretion, adjust:

- the number of performance rights or Options to which each participant is entitled;
- the number of shares to which each participant is entitled upon vesting of performance rights or exercise of Options;
- any amount payable on vesting of the performance rights or exercise of Options; or
- where appropriate, a combination of the above,

in the manner determined by the Board, having regard to the ASX Listing Rules and the general principle set out above.

Where additional performance rights or Options are granted to a participant, such performance rights or Options will be subject to the same terms and conditions as the original performance rights or Options granted to the participant (including any performance conditions) unless the Board determines otherwise.

Other Information required by ASX Listing Rule 10.15

- A maximum of 3,000,000 Performance Options will be issued to Managing Director and Chief Executive Officer (or his nominee) at no cost.
- The Managing Director and Chief Executive Officer will not receive any loan in relation to the exercise of any Performance Options.
- The Performance Options will be issued on a date which will be no later than 12 months after the Meeting.
- In accordance with Listing Rule 10.14, Mr Stickland has received performance rights under the Plan since it was last approved. The number of performance rights received and the acquisition price is set out below:

Director	Number of Options or performance rights	Acquisition price
Mr Peter Stickland	5,333,333 performance rights	Nil acquisition price

The above issue was approved by Shareholders at the Annual General Meeting held on 25 November 2015. As at the date of this Notice, 5,333,333 performance rights have vested as the vesting conditions have been satisfied.

- If Shareholders do not approve the proposed grant of Performance Options to the Managing Director and Chief Executive Officer, the Company will need to consider other means of providing a long term incentive for the Managing Director and Chief Executive Officer, including providing a benefit to him in the form of cash or securities purchased on-market.
- The current non-executive Directors of the Company have not been issued performance rights or Options under the Plan.
- Voting exclusion statement applies to Item 6 as set out in the Notice of Meeting.
- The ASX requires, under ASX Listing Rule 10.14, that shareholders approve the grant of new securities to a director or an Associate of a director. It is the Company’s current intention to issue new Shares to the Managing Director and Chief Executive Officer upon vesting and exercise of the Performance Options.
- In the event of any inconsistencies between the terms of the Performance Options (as outlined in this Notice of Meeting) and the Plan, the terms of the Plan prevail to the extent of any inconsistency.

Corporations Act - treatment of remuneration matters

Under Chapter 2E of the Corporations Act, a public company cannot give a 'financial benefit' to a 'related party' unless one of the exceptions to the prohibition applies or Shareholders have in a general meeting approved the giving of that financial benefit to the related party.

In the current circumstances, the issue of the Performance Options to Managing Director and Chief Executive Officer, Mr Stickland, would constitute a 'financial benefit' as defined in the Corporations Act. A related party of a listed company includes a director of the listed company, a spouse or de factor spouse of a director or any other person specified under section 228 of the Corporations Act to be a related party. As such, Mr Stickland is deemed a 'related party' of the Company for the purposes of the Corporations Act.

Accordingly, the proposed issue of the Performance Options to Mr Stickland will constitute the provision of financial benefits to a related party of the Company.

Section 211 of the Corporations Act provides an exception to the provisions of Chapter 2E of the Corporations Act will occur where the financial benefit is given to the related party as an officer of the Company and to give the remuneration would be reasonable given the circumstances of the Company and the related party's circumstances (including the responsibilities involved in the office or employment).

The Board (other than Mr Stickland) considers the proposed issue of Performance Options the subject of this Resolution to be reasonable remuneration:

- (a) for a company of the size and nature of the Company; and
- (b) which, given that the Company has other preferred use for its available cash, is an appropriate alternative for providing incentives to the Directors,

and as such, for those and other reasons falls within the exception set out in section 211 of the Corporations Act. The Board (other than Mr Stickland) is not aware of any other information that would be reasonably required by the Shareholders to allow them to make a decision whether it is in the best interests of the Company to pass Resolution 6.

If approval is given under ASX Listing Rule 10.14, approval is not required under ASX Listing Rule 7.1. Accordingly, the issue of Performance Options will not be included in the use of the Company's 15% annual placement capacity pursuant to ASX Listing Rule 7.1.

Termination Benefits

Section 200B of the Corporations Act prohibits the Company from giving a benefit to a person who holds (or has held in the previous 3 years) a managerial or executive office with the Company or its subsidiaries, if that benefit is given in connection with that person's retirement from office, unless Shareholders approve that benefit under section 200E or unless the benefit falls within certain exceptions set out in the Corporations Act.

A payment will only fall within the exceptions set out in the Corporations Act if the amount of the payment is less than a prescribed multiple of the retiree's remuneration or if the nature of the payment falls within one of a number of categories set out in the Corporations Act (for example, a payment by way of damages for breach of contract or a payment for past services).

Approval is therefore sought under section 200E of the Corporations Act to allow for the Board (other than Mr Stickland) to determine pro-rata vesting of the Performance Options in the event of cessation of any of the respective engagements of Mr Stickland in certain 'good leaver' circumstances (which would otherwise be deemed, and treated as, a termination benefit). The Board (other than Mr Stickland) would not exercise this discretion should Mr Stickland resign or be terminated for cause, in which event all unvested Performance Options would immediately lapse.

The possible early vesting of Performance Options may not fall within any of the categories of exception set out in the Corporations Act and accordingly Shareholder approval is sought.

Section 200E of the Corporations Act requires that where Shareholders are asked to approve a payment or other benefit to a retiree that would otherwise be prohibited by section 200B, Shareholders must be given details of the amount of the

payment, or, if the amount cannot be ascertained at the time of the disclosure, the manner in which the amount is to be calculated and any matter, event or circumstance that will, or is likely to affect the calculation of the amount.

Assuming the 3,000,000 Performance Options to be granted to Mr Stickland (or his nominee) are capable of vesting, the indicative value of the maximum 3,000,000 Performance Options proposed to be granted to Mr Stickland (notwithstanding that they may vest pro rata) is \$50,200 utilising the Black Scholes Pricing Model.

A voting exclusion statement applies to this resolution as set out in the Notice of Meeting. In particular, the Directors and other Restricted Voters may not vote on this Resolution and may not cast a vote as proxy, unless the appointment gives a direction on how to vote or the proxy is given to the Chair and expressly authorises the Chair to exercise your proxy, even if the Resolution is connected directly or indirectly with the remuneration of a member of the Key Management Personnel.

Shareholders are urged to carefully read the Proxy Form and provide a direction to the proxy on how to vote on this Resolution.

The Board (other than Mr Stickland) unanimously recommends that shareholders vote in favour of Resolution 6.

*The Chairman of the Meeting intends to vote all available proxies **in favour** of Resolution 6.*

Item 8. Resolution 7 Approval of 10% additional placement capacity

General

Under ASX Listing Rule 7.1, the Company is prohibited from issuing more than 15% of its Equity Securities in any 12 month period, without obtaining Shareholder approval. ASX Listing Rule 7.1A provides that an Eligible Entity may seek Shareholder approval to allow it to issue Equity Securities (defined below) up to an additional 10% of its issued capital over a period after the annual general meeting (**10% Placement Capacity**).

The Company is an Eligible Entity as the Company has a market capitalisation of \$13.5 million as at 6 October 2017 and is not included in the S&P/ASX 300 index.

Equity Securities include a share, a right to a share or option, an option, a convertible security and any security that ASX decides to classify as an Equity Security.

If Shareholders approve this Resolution, the number of Equity Securities the Eligible Entity may issue under the 10% Placement Capacity will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2 (as set out below).

The effect of this Resolution will be to allow the Directors to issue Equity Securities of up to 10% of the Company's Shares on issue during the period up to 12 months after the Meeting, without subsequent Shareholder approval and without using the Company's 15% annual placement capacity under ASX Listing Rule 7.1.

Resolution 7 is a special resolution. Accordingly, at least 75% of votes cast by Shareholders present and eligible to vote at the Meeting must be in favour of Resolution 7 for it to be passed.

ASX Listing Rule 7.1A

The Equity Securities issued under the 10% Placement Capacity must be in the same class as an existing class of quoted Equity Securities. The Company currently has only one class of quoted Equity Securities on issue, being Shares.

Based on the number of Shares on issue at the date of this Notice, the Company will have 1,494,917,147 Shares on issue and therefore, subject to Shareholder approval being obtained under Resolution 7, 149,491,715 Equity Securities will be permitted to be issued in accordance with ASX Listing Rule 7.1A. The number of Shares that the Company may issue under an approval under ASX Listing Rule 7.1A will be calculated according to the following formula:

$$(A \times D) - E$$

Where:

- A is the number of Shares on issue 12 months before the date of issue or agreement:
- plus the number of Shares issued in the 12 months under an exception in ASX Listing Rule 7.2;
 - plus the number of partly paid ordinary Shares that became fully paid in the 12 months;
 - plus the number of Shares issued in the 12 months with approval of Shareholders under ASX Listing Rule 7.1 or 7.4. This does not include an issue of Shares under the entity's 15% placement capacity without Shareholder approval ;
 - less the number of Shares cancelled in the 12 months.

- D is 10%.
- E is the number of Equity Securities issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the 12 months before the date of issue or agreement to issue that are *not* issued with the approval of Shareholders under ASX Listing Rule 7.1 or 7.4.

Technical information required by ASX Listing Rule 7.3A

Pursuant to and in accordance with ASX Listing Rule 7.3A, the information below is provided in relation to Resolution 7:

Minimum Price

The minimum price at which the Equity Securities may be issued under the 10% Placement Capacity is 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 ASX trading days on which trades in that class were recorded immediately before:

- (a) the date on which the price at which the Shares are to be issued is agreed; or
- (b) if the Equity Securities are not issued within 5 ASX trading days of the date in paragraph (a), the date on which the Equity Securities are issued.

Date of Issue

The Equity Securities may be issued under the 10% Placement Capacity commencing on the date of the meeting and expiring on the first to occur of the following:

- 12 months after the date of the Meeting; and
- the date of approval by Shareholders of any transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of the Company's activities) or 11.2 (disposal of the Company's main undertaking),

(10% Placement Capacity Period).

The approval granted under this Resolution will cease to be valid if Shareholders approve a transaction under ASX Listing Rules 11.1.2 or 11.2.

Risk of voting dilution

Any issue of Shares under the 10% Placement Capacity may dilute the interests of Shareholders who do not receive Shares under the issue.

If this Resolution is approved by Shareholders and the Company issues the maximum number of Shares available under the 10% Placement Capacity, the economic and voting dilution of existing Shares would be as shown in the table below.

The table below shows the dilution of existing Shareholders calculated in accordance with the formula outlined in ASX Listing Rule 7.1A.2, on the basis of the current market price of Shares and the current number of Equity Securities on issue as at the date of this Notice of Meeting.

The table also shows the voting dilution impact where the number of Shares on issue (variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 10% Placement Capacity.

As required by ASX Listing Rule 7.3A.2, the table below shows the potential dilution of existing Shareholders on the basis of three different assumed issue prices and values for the variable "A" calculated in accordance with the formula in ASX Listing Rule 7.1A.2 (as set out above). The following assumptions are made in the table:

- the issue price is the closing price of the Company's Shares on 6 October 2017;
- the current Variable "A" number of Shares on issue at 6 October 2017. This could increase as a result of the issue of Shares either with or without shareholder approval;
- the Company issues the maximum number of Shares as are permitted under this approval; and,
- the issue of Equity Securities under the 10% Placement Capacity consists only of Shares. If the issue of Equity Securities includes quoted Options, for the purposes of the above table, it is assumed that those quoted Options are exercised into Shares for the purposes of calculating the voting dilution effect on existing Shareholders.

Variable "A" in ASX Listing Rule 7.1A.2 (Number of Shares on issue)*	50% decrease in issue price \$0.0045		Issue price \$0.009		100% increase in issue price \$0.018	
	10% Voting Dilution	Capital Raised \$	10% Voting Dilution	Capital Raised \$	10% Voting Dilution	Capital Raised \$
1,494,917,147 (Current)	149,491,715	672,713	149,491,715	1,345,425	149,491,715	2,690,850
2,242,375,721 (50% increase in Current Variable A)	224,237,573	1,009,069	224,237,573	2,018,138	224,237,573	4,036,275
2,989,834,294 (100% increase in Current Variable A)	298,983,430	1,345,425	298,983,430	2,690,850	298,983,430	5,381,700

*The number of Shares on issue (variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval or that are issued with Shareholder approval under ASX Listing Rule 7.1.

1. The Company has not issued any Equity Securities in the 12 months prior to the meeting that were not issued under an exception in ASX Listing Rule 7.2 or with approval under ASX Listing Rule 7.1.
2. The calculations above do not show the dilution that any one particular shareholder will be subject to. All shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
3. This table does not set out any dilution pursuant to approvals under ASX Listing Rule 7.1.
4. No Options are exercised before the date of the issue of the Equity Securities.

Shareholders should note that there is a risk that:

- the market price for the Company's Equity Securities may be significantly lower on the issue date of the Equity Securities issued under the 10% Placement Capacity than on the date of the Meeting;
- the Equity Securities may be issued at a price that is at a discount to the market price of those Equity Securities on the date of issue; and
- the Equity Securities may be issued as consideration (or part thereof) for the acquisition of a new asset, both of which may have an effect on the amount of funds raised by the issue of Equity Securities under the 10% Placement Capacity.

Purpose of Issue under 10% Placement Capacity

The Company may issue Equity Securities under the 10% Placement Capacity for the purposes of:

- * raising funds for the Company. Funds raised from the issue, if undertaken, would be used for exploration expenditure, general working capital requirements and, potentially, the acquisition of new resources; and
- * and providing non-cash consideration. If the Company issues any Equity Securities for non-cash consideration, the Company will release to the market a valuation of the non-cash consideration that demonstrates that the issue price of the Shares complies with ASX Listing Rule 7.1A.3.

Allocation under the 10% Placement Capacity

The allottees of the Equity Securities to be issued under the 10% Placement Capacity have not yet been determined. However, the allottees of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company or their Associates and will generally be persons who do not require a disclosure document under the Corporations Act.

The Company will determine the allottees at the time of the issue under the 10% Placement Capacity, having regard to the Company's allocation policy, which includes, but is not limited to, the following factors:

- * the purpose of the issue;
- * alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue or other offer where existing Shareholders may participate;
- * the effect of the issue of the Equity Securities on the control of the Company;
- * the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;
- * prevailing market conditions; and

* advice from corporate, financial and broking advisers (if applicable).
